(54) PORTABLE COMMUNICATION DEVICE, ROUTE GUIDE INFORMATION DELIVERY METHOD, ROUTE GUIDE INFORMATION DELIVERY SYSTEM AND PROGRAM

(57)Abstract:

PROBLEM TO BE SOLVED: To acquire new route guide information on the route to an original destination in consideration of the time from reset information on a starting place, only by inputting the reset information on the starting place when changing the starting place.

SOLUTION: The new starting place and the starting time are transmitted to a control server 26 by operating a button 12a of a portable telephone 12. The control server 11 generates and transmits page data of new route guide information on the route from the new starting place to the destination set beforehand based on the new starting place and the starting time. The new route guide information is displayed on a display part 12b of the portable telephone 12 based on the received page data.
